Come...Let's make a resolve...

by Narendra Modi 16. October 2009 23:35

*Come,
Let's make a resolve...*

I will honestly pay all my taxes - I will not break any rules and regulations
 I will neither accept nor offer dowry - I will educate 5 illiterate persons
 I will refrain from adulteration and cheating customers - I will educate my daughter
 I will not favor female foeticide - I will keep my child healthy
 I will expedite my duties honestly - I will optimize use of electricity
 I will not litter and will not allow others to do so
 I will not waste water and try my best to save every single drop
 I will sincerely follow traffic rules - I will refrain from any kind of addictions

*It's time for all of us to make a
common resolve (Sankalp)*

*Let's celebrate
A Diwali of Resolutions
A Diwali of Determination
Wish you a happy Deepawali & prosperous New Year.*
